

47th Conference of the West European Fish Technologists' Association

Idioma Português

Date: 09/10/2017 – 12/10/2017

47th Conference of the West European Fish Technologists' Association
9-12 October 2017 | Aviva Stadium, Dublin, Ireland

Place: Aviva Stadium, Dublin

Summary:

WEFTA has developed as the leading platform for seafood R&D experts to discuss hot topics and major breakthroughs with a combination of keynote lectures, oral and poster sessions and opportunities for active discussion and networking with SME's from the Seafood sector. This annual conference allows experts working in diverse fields to understand key R&D trends and breakthroughs which underpin knowledge of how to produce the best seafood and ingredients and to gain first-hand knowledge of technological breakthroughs which will impact production techniques and markets in coming years.
